

**POPIS RADOVA (28. 3. 2014.)**  
**Dr. sc. Franjo Šumanovac, red. prof.**

„Web of Science” – navedeno **12** radova  
- citiranost autora – **193**  
- H-faktor - **8**

**Izvod iz Hrvatske znanstvene bibliografije**

Udžbenici i skripta (3)  
Izvorni znanstveni i pregledni radovi u CC-časopisima (10)  
Znanstveni radovi u drugim časopisima (14)  
Objavljena pozvana predavanja na skupovima (1)  
Znanstveni radovi u zbornicima skupova s međunar. rec. (18)  
Drugi radovi u zbornicima skupova s recenzijom (4)  
Sažeci u zbornicima skupova (19)  
Neobjavljena sudjelovanja na skupovima (2)  
Vođenje disertacija, magistarskih i diplomskih radova (38)

**Udžbenici i skripta**

1. Šumanovac, F. (1998): Geofizička istraživanja, geoelektrične i seizmičke metode. Rudarsko-geološko-naftni fakultet, Zagreb.
2. Šumanovac, F. (2007): Geofizička istraživanja podzemnih voda. Rudarsko-geološko-naftni fakultet, Zagreb, Pauk Cerna.
3. Šumanovac, F. (2012): Osnove geofizičkih istraživanja. Rudarsko-geološko-naftni fakultet, Zagreb.

**Izvorni znanstveni i pregledni radovi u CC-časopisima**

1. Šumanovac, F. & Weisser, M. (2001): Evaluation of resistivity and seismic methods for hydrogeological mapping in karst terrains. *Journal of Applied Geophysics*, 47, 13-28.
2. Brückl, E., Bodoky, T., Hegedüs, E., Hrubcova, P., Gosar, A., Grad, M., Guterch, A., Hajnal, Z., Keller, G.R., Špicak, A., Šumanovac, F., Thybo, H. & Weber, F. (2003): ALP 2002 Seismic Experiment. *Studia geophysica et geodaetica*, Academy of Sciences of the Czech Republic, 47, 671-679.
3. Šumanovac, F. (2006): Mapping of thin sandy aquifers by using high resolution reflection seismics and 2-D electrical tomography. *Journal of Applied Geophysics*, 58, 144-157.
4. Brückl, E., Bleibinhaus, F., Gosar, A., Grad, M., Guterch, A., Hrubcová, P., Keller, G. R., Majdaňski, M., Šumanovac, F., Tiira, T., Yliniemi, J., Hegedüs, E. & Thybo, H. (2007): Crustal structure due to collisional and escape tectonics in the Eastern Alps region

- based on profiles Alp01 and Alp02 from the ALP 2002 seismic experiment. *Journal of Geophysical Research - Solid Earth*, 112, B6; 06308-25.
5. Terzić, J., Šumanovac, F. & Buljan, R. (2007): An Assessment of Hydrogeological Parameters on the Karstic Island of Dugi Otok, Croatia. *Journal of Hydrology*, 343, 29-42.
  6. Engelsfeld, T., Šumanovac, F. & Pavin, N. (2008): Investigation of underground cavities in a two-layer model using the refraction seismic method. *Near Surface Geophysics*, 6, 221-231.
  7. Šumanovac, F., Orešković, J., Grad, M. & ALP 2002 Working Group. (2009): Crustal structure at the contact of the Dinarides and Pannonian basin based on 2-D seismic and gravity interpretation of the Alp07 profile in the ALP 2002 experiment. *Geophysical Journal International*. Doi:10.1111/j1365-246X.2009.04288.x, 179, 615-633.
  8. Šumanovac, F. (2010): Lithosphere structure at the contact of the Adriatic microplate and the Pannonian segment based on the gravity modelling. *Tectonophysics*. 485, 94-106.
  9. Engelsfeld, T., Šumanovac, F. & Krstić, V. (2011): Classification of near-surface anomalies in the seismic refraction method according to the shape of the time–distance graph: A theoretical approach. *Journal of Applied Geophysics*, 74.
  10. Mitterbauer, U., Behm, M., Brückl, E., Lippitsch, R., Guterch, A., Keller, G. R., Koslovskaya, E., Rumpfhuber, E-M. & Šumanovac, F. (2011): Shape and origin of the East-Alpine slab constrained by the ALPASS teleseismic model. *Tectonophysics*, 510, 195-206.

### Znanstveni radovi u drugim časopisima

1. Zagorac, Ž. & Šumanovac, F. (1987): Reduciranje telurskih smetnji u istraživanju metodom električne otpornosti. *Nafta*, 38, 65-72, Zagreb.
2. Zagorac, Ž., Šumanovac, F. & Jungwirth, M. (1988): Duboko istraživanje novom geoelektričnom metodom kod Ferdinandovca. *Nafta*, 39, 255-261, Zagreb.
3. Šumanovac, F. (1990): Računanje oblika struktura iz gravimetrijskih karata uz upotrebu podataka iz bušotina. *Nafta*, 41, 161-187, Zagreb.
4. Zagorac, Ž. & Šumanovac, F. (1990): Geomagnetska istraživanja ležišta građevinskih materijala. *Rudarsko-geološko-naftni zbornik*, 2, 35-39, Zagreb.
5. Jelić, K., Šumanovac, F. & Lukačević, M. (1991): Istraživanje vode u obalnom kršu metodom dvojnog gradijentnog kartiranja. *Rudarsko-geološko-naftni zbornik*, 3, 7-14, Zagreb.
6. Šumanovac, F., Zagorac, Ž. & Lukačević, M. (1991): Kvantitativna gravimetrijska interpretacija područja Ptujskog polja. *Rudarsko-geološko-naftni zbornik*, 3, 15-22, Zagreb.
7. Čolić, K., Pribičević, B., Ratkajec, M., Stopar, R., Šumanovac, F. & Velić, J. (1992): Početni digitalni model gustoće površinskih masa zemljine kore u test području "Slovenija i okolni dio Hrvatske" za regionalne potrebe fizikalne geodezije. *Geodetski list*, 46, 263-281, Zagreb.
8. Zagorac, Ž. & Šumanovac, F. (1992): Gravity prospecting in platform areas. *Rudarsko-geološko-naftni zbornik*, 4, 1-5, Zagreb.

9. Šumanovac, F. (1996): Three-dimensional modelling software in gravity inversion procedure. *Nafta*, 47, 161-167.
10. Šumanovac, F., Ritsema, I.L. & Bril, B.H. (1996): System architecture for 3D gravity modelling. *Geologia Croatica*, 49/2, 145-153,
11. Šumanovac, F., Urumović, K. & Dragičević, I. (2003): Hydrogeological mapping of a Miocene aquifer by two-dimensional electrical imaging. *Rudarsko-geološko-naftni zbornik*, 15, 19-29, Zagreb.
12. Orešković, J. & Šumanovac, F. (2007): Reservoir Characterization of the Stari Gradac Gas Condensate Field Using Seismic Attributes. *Nafta*, 58/2, 94-104.
13. Šumanovac, F. & Dominković Alavanja, S. (2007): Determination of resolution limits of electrical tomography on the block model in a homogenous environment by means of electrical modelling. *Rudarsko-geološko-naftni zbornik*, 19, 47-56.
14. Orešković, J., Šumanovac, F. & Hegedus, E. (2011): Crustal structure beneath Istra peninsula based on receiver function analysis. *Geofizika*, 28, 247-263.

### **Objavljena pozvana predavanja na skupovima**

1. Šumanovac, F., Orešković, J., Kolar, S. & ALP2002 Working Group (2008): Lithospheric structure at the contact of the Dinarides and the Pannonian Basin in the area of Croatia . ELGI Centenary Conference, Budapest.

### **Znanstveni radovi u zbornicima skupova s međunarodnom recenzijom**

1. Šumanovac, F., Ritsema, I.L. & Bril, A.H. (1993): System architecture for 3D geophysical (gravity) inversion from exploration to production. 55th Meeting, European Association of Exploration Geophysicists (EAGE), paper D028, Stavanger.
2. Šumanovac, F. (1994): Application of three dimensional modelling software in gravity interpretation. 56th Meeting, European Association of Exploration Geophysicists (EAGE), paper P001, Wien.
3. Šumanovac, F. & Lukačević, M. (1996): Magnetic and VLF investigations of andesite dikes in a dolomite quarry. 58th Conference, European Association of Geoscientists & Engineers (EAGE), paper P118, Amsterdam.
4. Šumanovac, F. (1998): Velocity analysis on the basis of shallow refraction data sets. 60th Conference, European Association of Geoscientists & Engineers (EAGE), paper P129, Leipzig.
5. Šumanovac, F. & Weisser, M. (1999): The potentials of geoelectrical and seismic methods in karstic water explorations. 61th Conference, European Association of Geoscientists & Engineers (EAGE), paper 4-47, Helsinki.
6. Kovačević-Zelić, B., Šumanovac, F. & Dominković, S. (2001): Numerical modelling of geological phenomena in karst regions. *Proceed. EUROCK 2001, Rock Mechanics a Challenge for Society*, 505-510, Espoo.

7. *Šumanovac, F.* (2002): Water exploration on the Lastovo island (Croatia) by electrical tomography and seismic methods, Proceedings of the 8<sup>th</sup> Meeting of Environmental and Engineering Geophysics, 61-64, Aveiro.
8. *Šumanovac, F., Pekaš, Ž. & Vlahović, T.* (2003): Water exploration on small Croatian islands by electrical tomography and refraction seismics. Proceedings of the 9<sup>th</sup> Meeting of Environmental and Engineering Geophysics, O-069, Prague.
9. *Šumanovac, F.* (2004): Electrical imaging of faults in karst water explorations. Near Surface 2004, Proceedings of the 10<sup>th</sup> European Meeting of Environmental and Engineering Geophysics, P-036, Utrecht.
10. *Šumanovac, F.* (2005): Geophysical water exploration on the Korčula Island (Croatia). 67th Conference, European Association of Geoscientists & Engineers (EAGE), paper G002, Madrid.
11. *Šumanovac, F.* (2005): Electrical tomography in the exploration of construction material deposits. 67th Conference, European Association of Geoscientists & Engineers (EAGE), paper P113, Madrid.
12. *Šumanovac, F., Pekaš, Ž. & Majtanić, H.* (2006): Mapping Limestone Aquifer by Electrical and Seismic Methods in the Zmajevac area (Croatia). Near Surface 2006, Proceedings of the 12<sup>th</sup> Meeting of Environmental and Engineering Geophysics, P064, Helsinki.
13. *Šumanovac, F., Ženko, T., Matjašić, I. & Majtanić, H.* (2006): Električna tomografija u istraživanju ležišta tehničko-građevnog kamena (Electrical tomography in the exploration of building material deposits). Međunarodni rudarski simpozij Istraživanje, eksploatacija i prerada čvrstih mineralnih sirovina, 16-25, Dubrovnik.
14. *Orešković, J., Šumanovac, F.; Hegedűs, E.; Dudjak, D.; Kovács, A. C.; & Kolar, S.* (2009): Natural and controlled seismic experiment on the profile in transition area from the Dinarides to Pannonian basin. GNGTS - 28<sup>o</sup> Convegno Nazionale, Trieste, 181-184.
15. *Staniša, K., Šumanovac, F., Velić, J. Bljakčori, A. & Rajić, R.* (2011): Structural-tectonic Interpretation of 3D Seismic Data on Ježevo Oil Field, Conference Proceedings of the 6th Congress of the Balkan Geophysical Society, Budapest, A11, 1-5.
16. *Orešković, J., Šumanovac, F., Hegedűs, E.; Kolar, S. & Kovács, A.C.* (2011): Different crustal structures of the Istra and SW Pannonian basin from receiver functions modelling, Conference Proceedings of the 6th Congress of the Balkan, Geophysical Society, Budapest, EAGE, C09.
17. *Dudjak, D., Šumanovac, F. & Hegedűs, E.,* (2011): Travel Time Residuals at the Contact of the Dinarides and Pannonian Basin, Conference Proceedings of the 6th Congress of the Balkan, Geophysical Society, Budapest, EAGE, B01.
18. *Šumanovac, F.,* (2012): Magnetotelluric Method in the Exploration of Deep Aquifers, EAGE, Near Surface Geoscience 2012, C24, 1-5.

#### **Drugi radovi u zbornicima skupova s recenzijom**

1. *Zagorac, Ž. & Šumanovac, F.* (1994): Geofizička istraživanja podzemnih šupljina. Saopćenja savjetovanja Geotehnika prometnih građevina, Knjiga 1, 95-102, Novigrad.

2. *Šumanovac, F.* (1999): Mogućnosti geofizičkih metoda u geotehničkim istraživanjima. Zbornik radova znanstvenostručnog savjetovanja Mehanika stijena i tuneli, MESTU 99, Knjiga 1, 31-38, Zagreb.
3. *Weisser, M., Šumanovac, F. & Šikonja, Ž.* (2000): Plinska ležišta polja Bilogora (The Gas Reservoirs on Bilogora Field). Zbornik radova 2. Hrvatskog geološkog kongresa, 839-844, Cavtat.
4. *Jurak, V., Ortolan, Ž., Ivšić, T., Herak, M., Šumanovac, F., Vukelić, I. & Jukić, M.* (2008): Geotehničko i seizmičko mikrozoniranje grada Zagreba - pokušaji i ostvarenje, Zbornik radova konferencije Razvitak Zagreba, Radić, Jure (ur.), Zagreb, SECON HDGK, 99-108.

### Sažeci u zbornicima skupova

1. *Šumanovac, F. & Lukačević, M.* (1996): Magnetic and VLF Investigations of Andesite Dikes in a Dolomite Quarry. 58th EAGE Conference and Technical Exhibition, EAGE, 118.
2. *Šumanovac, F. & Weisser, M.* (1999): The Potentials of Geoelectrical and Seismic Methods in Karstic Water Explorations. 61st EAGE Conference & Technical Exhibition. Helsinki, EAGE, 4-47.
3. *Bleibinhaus, F., Brueckl, E., Gosar, A., Grad, M., Hegedus, E., Hrubcova, P., Keller, G. R., Šumanovac, F., Yliniemi, J. & ALP 2002 Working Group* (2004): ALP 2002 Experiment - 2D Raytracing modelling and seismic tomography of selected profiles. Proceedings of the 32nd IGC, Florence, Italy.
4. *Šumanovac, F., Filipović, I., Orešković, J. & ALP2002-Working Group* (2005): ALP 2002 - Two-dimensional Seismic Modelling on ALP01 and ALP02 Profiles, Abstracts Book. 7th Workshop on Alpine Geological Studies / Tomljenović, B.; Balen, D.; Vlahović, I.(ur.), Zagreb, 93-94.
5. *Šumanovac, F., Filipović, I., Orešković, J. & ALP2002-radna grupa* (2005): ALP 2002 - Dvodimenzionalno seizmičko modeliranje na profilima ALP01 i ALP02. Knjiga sažetaka 3. hrvatskog geološkog kongresa / Velić, I.; Vlahović, I.; Biondić, R.(ur.), Zagreb, 151-152.
6. *Šumanovac, F. & ALP 2002-radna grupa* (2005): ALP 2002 - Istraživanja litosfere na području Alpa i Dinarida. Knjiga sažetaka 3. hrvatskog geološkog kongresa / Velić, I.; Vlahović, I.; Biondić, R.(ur.), Zagreb, 153-154.
7. *Brueckl, E., Behm, M., Grad, M., Guterch, A., Hegedus, E., Keller, G.R., Kominaho, K., Kovacs, A., Kozlovskaya, E., Lambrecht, A., Mitterbauer, U., Orešković, J., Rumpfhuber, E., Šumanovac, F., Tiira, T., Velasco, A., Wilde-Piorko, M. & ALPASS Working Group* (2005): ALPASS - Passive seismic monitoring in the Eastern Alps. Eos Transactions AGU, American Geophysical Union.
8. *Kovacs, A.C., Šumanovac, F., Brueckl, E., Hajnal, Z., Hegedus, E., Houseman, G., Stuart, G., Keller, G. R., Csabafi, R. & Orešković, J.* (2006): Passive seismic monitoring experiment in the Dinarides-Pannonian Section ALPASS-DIPS. First European Conference on Earthquake Engineering and Seismology, Abstract Book, Zurich, 287.

9. Šumanovac, F., Orešković, J., Bator, H. & ALP2002 Working Group, (2007): 2D Seismic and Gravity Modelling in the area of Dinarides and SW part of the Pannonian Basin. 8th Workshop on Alpine Geological Studies, Abstract Volume. 77-77.
10. Šumanovac, F., Orešković, J. & ALP2002 Working Group (2007): Lithosphere structure in the area of the Dinarides and SW part of the Pannonian Basin based on 2-D seismic and gravity modelling. Collision and Extension in the Alpine-Carpathian-Pannonian System, Siofok, 17-17.
11. Šumanovac, F., (2008): Structure of the crust in the area of Dinarides and Pannonian Basin based on gravity modelling. The 33rd International Geological Congress, Oslo.
12. Behm, M., Lippitsch, R., Kissling, E., Brückl, E., Grad, M. & Šumanovac, F. (2008): A new Moho map for the entire Alpine region. EGU, General Assembly, Beč.
13. Šumanovac, F.; Orešković, J., Kolar, S., Dudjak, D., Hegedűs, E. & Kovács, A.C. (2009), ALPASS-DIPS seismic experiment — Receiver functions analysis on the Alp07 profile. 32nd meeting of the Association of Hungarian Geophysicists, Pečuh, 18.
14. Šumanovac, F. & Orešković, J. (2009): Lithospheric structure at the contact of the Dinarides and Pannonian basin obtained from 2- D seismic and gravity modelling on the Alp07 profile. 32nd meeting of the Association of Hungarian Geophysicists, Pečuh, 17.
15. Šumanovac, F., Orešković, J. & ALP2002 Working Group (2009): Mohorovičić discontinuity at the contact of the Adriatic microplate and Pannonian segment. AGU Fall Meeting, San Francisco.
16. Šumanovac, F., Orešković, J., Hegedűs, E., Kolar, S., Dudjak, D. & Kovács, A.C. (2010): Subduction of the Adriatic microplate under the Pannonian segment based on new seismic and gravity explorations. 4. Hrvatski geološki kongres - Knjiga sažetaka / Horvat, Marija (ur.), Zagreb, Hrvatski geološki institut, 399-400.
17. Šumanovac, F. (2010): Crustal structure and Mohorovicic discontinuity at the contact of the Adriatic microplate and Pannonian segment. Abstract book ESC, Montpellier.
18. Šumanovac, F., Orešković, J., Kolar, S. & Dudjak, D. (2010): Geophysical models at the contact of the Dinarides and Pannonian basin, XIX Congress of the Carpathian-Balkan Geological Association, Thessaloniki, Greece, Geologica Balcanica.
19. Šumanovac, F., Hegedűs, E., Orešković, J., Kovács, A. C., Dudjak, D. & Kolar, S. (2010): Passive seismic experiment at the contact of the Dinarides and Pannonian Basin (ALPASS-DIPS) – deployment and characteristic receiver functions, XIX Congress of the Carpathian-Balkan Geological Association, Thessaloniki, Greece, Geologica Balcanica.
